DO SOMETHING DIFFERENT

NEW
LEARN SOMETHING NEW – DO SOMETHING DIFFERENT AT WMC CAMDEN COLLEGE

Our college is open to every adult who has an interest in learning something new or wants to improve their existing skills. We offer an exciting range of flexible courses and qualifications to help you achieve your personal goals in a supportive environment.

Whether you want to retrain, develop your existing skills or expand your interests, we can help. Our expert tutors and advisors will help you choose the right course and support you throughout your journey with us.

Returning to study can sometimes feel daunting, but our encouraging environment will provide you with the confidence you need to expand your skills and achieve your goals. We work hard to make learning as accessible as possible – offering flexible courses that are local to you, which can fit around your other work and home commitments.

From creative and visual arts, including web design, jewellery design and creative writing, through to languages, digital skills, accounting and maths and English, we offer courses to suit all interests and ambitions. Courses are delivered at our Camden sites in Mornington Crescent and Kentish Town – with additional opportunities available at local community centres.

We keep our courses as affordable as possible and offer advice on the financial support available to you. Our aim is to ensure that everyone can access education – and reap the benefits that lifelong learning brings.

Come and visit us to see what we have on offer, we look forward to meeting you.

HELEN HAMMOND, PRINCIPAL

WORRIED ABOUT THE FEES?

Many of our courses are completely free for people on low incomes:

If you earn less than £20,573 per annum (full or part-time) before tax and live within the Greater London Authority (GLA), then courses that offer a concession are completely free.

WMC – CAMDEN COLLEGE
A COLLEGE FOR THE COMMUNITY

Situated in the heart of the city, we are a welcoming, friendly college offering a range of courses to suit everyone. We focus on helping you to reach your learning goals, with high quality teaching and support provided by our passionate, expert tutors.

OUR HIGH STANDARDS ARE RECOGNISED BY A NUMBER OF EXTERNAL BODIES INCLUDING:

The College has two sites within Camden – Crowndale Road (within easy access of Mornington Crescent station) and Kentish Town.

Our main site, Crowndale Road, is a 1904 listed building. It features bespoke art studios, a performance studio, a grand hall, the Ruskin Gallery, an historic library and an Open Learning Centre.

In addition, a dedicated printmaking studio and well-equipped classrooms can be found at our Kentish Town site.

“Governors, leaders, managers and staff retain the harmonious culture and ethos of WMC as a welcoming place to study…”

“Teachers and staff celebrate the cultural heritage of learners through a broad range of events. This enables learners to develop a good understanding of, and appreciation for, people of different faiths, sexual orientation, age, gender and ability.”

OFSTED REPORT 2018

The Chartered Institution for Further Education – we were the first adult college in London to achieve this status. It recognises our commitment to improving access to education for all adults across the capital.

Ofsted – in our recent Ofsted inspection (Nov 2018), we were graded as Good across all categories and our unique, welcoming ethos was noted.

OPENING TIMES
LEARNING IN THE COMMUNITY

ARE YOU KEEN TO GET BACK INTO LEARNING AND TO IMPROVE YOUR SKILLS AND CONFIDENCE?

We run a number of courses – with and without qualifications – in community venues throughout Camden and these courses are free* to Camden residents over the age of 19.

LIFE SKILLS COURSES:
ESOL – improving your English skills, either for everyday life or for more specific work situations such as ESOL for Childcare, ESOL for Admin and ESOL for working in Care.
Employability – helping you with the skills you need to get a job, including CV writing, interview techniques and workplace etiquette.
IT Skills – helping you to develop basic computer knowledge and increasing your digital confidence.
Maths – improving your maths skills for life and work situations.

GET INTO LEARNING:
These are short courses which are creative and fun. They can help you learn new skills or take your first steps back into learning as an adult.

IF YOU ARE KEEN TO LEARN NEW SKILLS, INCREASE YOUR CONFIDENCE AND MEET NEW PEOPLE, THEN COME AND JOIN US.

OPEN TO ALL
A COMMUNITY COLLEGE FOR EVERYONE

We believe that everyone should be able to access high quality education and do our best to ensure that we offer flexible and affordable courses for local people. We welcome adults of all ages, all religions and all sexualities. People with learning difficulties and disabilities are fully supported and we believe that our diversity is one of our real strengths.

Courses are for adults aged 19 and over on 31 August 2019 with exception of the Foundation Diploma in Art & Design where learners aged 18 on this date are accepted.

OUR SPECIALIST LEARNING SUPPORT TEAM CAN HELP WITH:
Access – we aim to make all our classes accessible to everyone and will do our best to accommodate all needs.
Dyslexia Support – we offer specialist support tutors, offering one-to-one and group support for learners with dyslexia.
Learning Support – for learners who require additional support, we can offer both in-class support and workshops to help everyone achieve their full potential.

Our team will arrange an interview with you, to discuss the support you may require and assess your needs. We will then confirm what resources are available and what support package can be offered to help you succeed on your course.

CAREERS ADVICE AND GUIDANCE

We provide all our learners with support to find a job. We can help with job applications, improving CVs, offer interview tips and provide advice about different careers and progression routes. We also have a job noticeboard highlighting lots of exciting employment opportunities.

Personal appointments with our career advisors can be easily booked in the Library.

Many of our courses are part-time, running in the evening and on Saturdays, allowing learners to fit in their studies around existing work and/or family commitments.

Finance can often be an issue for people wanting to return to study but there is a lot of support available including Advanced Learner Loans and bursaries. Reduced and concessionary fees are also available. To find out more and see what you may be eligible for, go to page 114.

* Some accredited courses carry a fee but concessions are available on production of proof of benefit or low wage.
Are you interested in a fun, short course which you can attend on a Saturday? We offer lots of Saturday courses which run over one to three weeks, ranging from languages and digital skills workshops to textiles, oil painting and guitar lessons.

Not only can these courses fit in with a busy lifestyle, they can open doors to further learning and business opportunities. You will also make new friends and socialise within your local community.

Here is an overview of all the Saturday courses we have on offer this year. Costs for these courses vary, with a number of concessions available. More information is available in the course description pages and in our Fees section on page 114.

OUR LEARNING ENVIRONMENT

Alongside our supportive network of tutors and learners, we offer excellent facilities and a welcoming learning environment across our two Camden sites.

THE OPEN LEARNING CENTRE

Situated in our main Crowndale Road site this brand new facility will open in October 2019, providing extensive learning support for all our learners including access to PCs, tablets and other mobile devices.

We offer a range of assistance – covering literacy, numeracy, digital and employability skills.

Our job hub is also situated in the Open Learning Centre, with expert staff on hand to offer learners support with employment preparation and job hunting.

THE LIBRARY

Housed in the College’s beautiful historic room, the library supports all areas of the curriculum and provides a quiet place to read and study.

Supportive librarians and learning assistants are on hand to help with any queries and guide you to the many learning resources available.

Printing, scanning and photocopying facilities are provided here and books and other learning resources can be borrowed.

THE RUSKIN CAFÉ AND GALLERY

Situated at the heart of our College, the Ruskin café offers not only a lovely space to enjoy home-cooked food and socialise with friends, it also features a contemporary gallery space. This gives our learners the opportunity to showcase their work professionally.

HOW TO ENROL

Enrolment takes place throughout the year and new courses are added at various points.

Here is a step-by-step guide to becoming a WMC Camden College learner:

1. CHOOSE A COURSE

If you need some inspiration, visit our website wmcollege.ac.uk. All our courses are listed here, with information about fees, entry requirements and any materials that you may need.

If you are having trouble deciding on a course or not sure about what level may suit you best, we have experts on hand to advise you. Just contact our Learner Services Team on 020 7255 4700 or email enrol@wmcollege.ac.uk

2. ENROL AND MAKE PAYMENT

The easiest and quickest way to enrol is online, where any fees can be paid in full via a credit/debit card. You can also enrol in person – and must do this if you are seeking support with fees. Our learner services opening times can be found on page 5.

3. YOU ARE NOW A WMC CAMDEN COLLEGE LEARNER!

Once your enrolment is processed you will receive a College ID card. If you have enrolled online, you must come into college before your course starts to collect this card and wear it at all times when in college.

* Please note that we reserve the right to refuse enrolment, to change fees or to cancel courses in response to funding changes and learner numbers.

THERE ARE THREE TYPES OF FEE:

1. COURSE FEE – this is the standard fee for each course, marked clearly in the course listings.

2. REDUCED FEE – freedom pass holders may claim a 20% discount on a number of eligible day time courses.

3. CONCESSION FEE – a discount of up to 100% may be claimed by the following groups:

   - Level 2 and 3 entitlement: learners age 19–23 who do not currently hold a Level 2 or 3 qualification and are enrolling on an eligible course (up to Level 3 – excluding ESOL).
   - Unemployed learners on state benefits: see page 114 for more details

Please note you will be asked to provide evidence of eligibility at time of enrolment.

HOW TO PAY

* Please note that we reserve the right to refuse enrolment, to change fees or to cancel courses in response to funding changes and learner numbers.
Some courses require you to have an interview or take a test so we can check that you have the skills needed for this level of study.

All our qualification courses require an assessment, which are also identified by a in the course listing. See the list below for details of dates and times.

ASSESSMENTS CAN BE EASILY BOOKED ONLINE OR BY CALLING OUR TEAM ON 020 7255 4700

We advise you to book early to avoid disappointment as courses get filled up.
**Supported Learning**

We offer an exciting range of courses for learners aged 25 and over who have learning difficulties or disabilities.

Our creative courses will help you to develop a range of new skills, as well as improving your confidence and giving you the opportunity to meet new friends.

Any learner wishing to enrol on a supported learning course will be invited along to meet our team, so we can assess your needs and ensure we have the right support in place for you. This can include in-class support and workshops as well as accessibility and practical adjustments.

**The Following Courses are on Offer:**

**Creative Computing**

A fun and informative computing course for beginners. Learn how to use a laptop and a number of programmes including Word, Photoshop and Powerpoint. You will create and design your own products such as notebooks, calendars, t-shirts and posters.

**Creative Crafts**

Develop your creativity with this craft-making course. You’ll use a variety of materials to hand-make cards, memory books, gift boxes and much more. You will learn a number of craft techniques including stamping, die-cutting and foiling – and your original creations may well be included in our College charity events!

**Creative ESOL**

A new two-day course which will help you develop and practise your English speaking, listening, reading and writing skills. Take part in a range of creative activities including recipe book making, wellbeing projects and community volunteering.

**English**

This course has been specially developed for learners with low English reading and writing skills. We will help you to practise and improve your skills in a small and supportive group, using lots of creative techniques including storytelling and visual displays.

**Indoor Gardening with Air Dry Ceramics**

Using air dry clay, you will create beautiful handmade pots in which to plant a wide range of indoor plants, while learning lots about ceramics and some specialist techniques. You will also learn about different varieties of plants and how they grow.

To find out more about the supported learning courses we offer, call 020 7258 4752 or email enrol@wmcollage.ac.uk
**Creative ESOL**

This course will give learners an opportunity to practise and develop their English speaking and listening, reading and writing skills. Learners will be able to improve their skills through creative activities including the creation of a recipe book, healthy eating and wellbeing projects, making a product such as a fashion item, and exploring the possibilities of community volunteering.

**Indoor Gardening with Air Dry Clay**

Using a variety of materials and techniques you will use air dry clay to create handmade pots and plant holders to use with indoor plants that have special health and environmental benefits as well as exploring culturally diverse pottery arts. How plants grow, make food and reproduce will also be explored including those with specialist properties like Spider plants, Aloe Vera, African Corn Plant and Succulents, all available to re-pot and grow.

**English**

This course has been developed for learners with very low English reading and writing skills and will enable learners to practise and develop their speaking and listening skills in a small supportive group. Using a variety of teaching and learning techniques including creative activities and use of ICT, learners will develop their skills and confidence and demonstrate their use of English in group activities, visuals displays, storytelling, and more.

**Creative Computing for Beginners**

Join these fun and informative computing lessons for beginners and be guided step-by-step to develop your computing skills. On this course you will learn how to use a computer/laptop; you will be taught how to use Microsoft Word, Photoshop, and Powerpoint. Learners will create and design their own products such as notebooks, calendars, T-shirts, posters and logos.

**Creative Crafts**

Develop your creativity by using a variety of materials and resources to produce handmade craft items including seasonal and special occasion greeting cards, scrapbooks/memory books, gift boxes and more. You’ll learn paper crafting techniques including stamping, die cutting, embossing and foiling and explore culturally diverse arts and crafts in unique and productive lessons. Your original creations may even be included in college charity events!

**Creative Maths**

Explore maths in fun and creative ways. Learners will develop confidence and improve skills with numbers, shapes, time and more in small groups with a creative feel. Learners will use practical activities and crafts in addition to workbooks and interactive websites to develop useful everyday numeracy skills.

Supporting Teaching and Learning – NCFE CACHE Level 2 Certificate

If you are looking to train as a teaching assistant in nursery, primary or secondary school settings then this course is ideal for you. This course will help you to develop practical knowledge and understanding of supporting children in the classroom, you will learn about the UK primary and secondary education systems. The course focuses on child development, safeguarding, health and safety, communication and team practice in schools as well as how to promote positive behaviour and equality, diversity and inclusion when working with children. You will feel passionate about learning and about working with children and may have particular skills of your own you feel children may benefit from. A voluntary one day a week work placement is required.

This course can be funded by an Advanced Learner Loan so there are no upfront fees – see page 115 for more information.

Introduction to Teaching Adults

This course is ideal if you are thinking about teaching adults and need to find out more about the profession. You may already have a profession or skill that you would like to teach others but need to learn the basics with the view to a more formal qualification. This five-week course gives you a practical, hands-on taste of planning and delivering a short piece of teaching to your peers and should give you the confidence to progress onto the Level 3 Award in Education and Training.

Award in Education and Training Level 3

This course provides a structured introduction to teaching as a step towards licenced (teacher) practitioner status. The course is aimed at learners who come from a variety of vocational backgrounds who want a practical hands-on introduction to teaching; you may already be working in a teaching or support role. You will demonstrate your teaching skills through two assessed micro teaching exercises. Please note that the concessionary rate does not apply to this course, however, you may be able to qualify for the Learner Financial Support Fund, see page 114 for more details.

Training the Trainer

‘Training the Trainer’ is a two-day (10 hour) course designed to help you gain ideas for effective facilitation and managing groups. This course is for anyone, in any role, who trains other employees in their organisation, or if you are thinking of becoming a trainer and want to gain confidence in planning and facilitating the training. It can also be suitable as a refresher course for an experienced trainer.

This course is ideal if you are looking to train as a teaching assistant in nursery, primary or secondary school settings then this course is ideal for you. This course will help you to develop practical knowledge and understanding of supporting children in the classroom, you will learn about the UK primary and secondary education systems. The course focuses on child development, safeguarding, health and safety, communication and team practice in schools as well as how to promote positive behaviour and equality, diversity and inclusion when working with children. You will feel passionate about learning and about working with children and may have particular skills of your own you feel children may benefit from. A voluntary one day a week work placement is required.

**CREATIVE ARTS**

**UAL FOUNDATION DIPLOMA IN ART & DESIGN**

This flagship programme will provide you with the foundation art skills needed for entry to university or art school and employment in creative industries.

This one year course is validated by University of the Arts London (UAL) and is a Level 3 qualification designed to help you decide upon your area of specialism and build a strong portfolio of work.

We currently offer three specialist pathways which, in addition to painting, drawing and mixed media, include:

- Applied Art and Design
- Visual Communications
- Fine Art & Film

**THE COURSE ENCOMPASSES A WIDE AND EXCITING RANGE OF SKILLS AND KNOWLEDGE AND YOU WILL COVER THE IDEAS AND PROCESSES THAT UNDERPIN PROFESSIONAL PRACTICE IN ALL THE CREATIVE INDUSTRIES.**

**YOU WILL:**

1. Develop a critical and contextual awareness of different perspectives and approaches within art, design or related subjects of study or work.
2. Research, analyse and evaluate relevant information and ideas in order to develop creative solutions.
3. Understand, adapt and safely use appropriate and practical methods and skills for creative production.
4. Solve complex problems through the application of art, design or related practical, theoretical and technical understanding.
5. Critically review the effectiveness and appropriateness of methods, actions and results.
6. Use evaluative and reflective skills in order to take responsibility for own learning, development and decision making.
7. Take responsibility for the research, planning, time management and actions to access progression opportunities.
8. Effectively present work to appropriate audiences.

**ENTRY REQUIREMENTS**

You will need GCSE maths and English grade 4/C or above and one A Level or National Diploma or equivalent as a minimum requirement for a place on this course.

We will also interview applicants and review their portfolio of work.

Applicants returning to learning after a break may be considered on portfolio and interview alone.

If you are sure of your eligibility, please make an application and we can arrange an advice and guidance session to review your portfolio.

After completing the formative units, you will begin to study your specialist area in greater depth, producing a professional portfolio of work.

We also help establish working practices that will be essential in succeeding in university or employment in the creative industries including:

- Management of workload
- Time management
- Organisation
- Presentation

In the last term you will undertake a final major project; this is the only section of the course which is graded and will decide your final grade. All learners exhibit their work in the public final show and private view event.

Our learners progress into a wide range of higher education courses including but not limited to: Printmaking, Fashion, Animation, Advertising, Graphic Design, Illustration, Film Making, Fashion, Sculpture and Interior Design.

## CERAMICS AND SCULPTURE

### Ceramics (Beginners)
This is a structured course to develop basic skills and learn beginners’ techniques and processes. On this course you will be introduced to hand building techniques like pinching, coiling, slab work, use of moulds and some basic throwing on the wheel. You will also learn to apply glazes and slips for decorating. Returning learners can start to work on their own projects. It is recommended to enrol for a whole year where possible, to build your core skills comprehensively.

### Ceramics (Beginners/Intermediate)
This course will introduce beginner and intermediate learners to comprehensive hand building techniques and an opportunity to use the potter’s wheel. You will work in different clay body types and learn about kiln firing processes. You will also learn the techniques of applying coloured slip and glaze as a means of surface decoration. The work that you will produce will have a practical, or in some cases, a sculptural theme. More experienced learners will be able to work on their own projects.

The Art of Paper: Folding, Pleating and Manipulation
Paper is an inexpensive sculptural material. Flexible and easily folded, pleated, cut and manipulated with simple tools. The artist can form three-dimensional shapes from simple to complex and be useful for artists, architects, fashion designers and milliners. Learn some key basic techniques – hand folding, scoring and manipulation. The session will also cover tools and types of paper best suited for this art form. Please note we do not cover paper engineering for pop-up books.

Computer Aided Design
AutoCAD 1: Beginners
This course will introduce you to AutoCAD which is an industry standard Computer Aided Design software. You will learn the basics of 2D drafting, annotation, drawing set up and management through several guided projects. This course is suitable for anyone looking to work or currently working in the Architecture, Interior Design, Furniture, Product Design, Engineering or Construction sector.

Photoshop for Beginners
Photoshop is the professional choice in image editing software. On this course you will learn to unleash your creativity using Photoshop to create graphics, enhance photographs and print for web or print, illustrations and even simulate hand painting. You will add shapes, cut out images using selection tools, add text, add effects to create complex artwork using layers.

Web Design with WordPress (Beginners/Intermediate)
WordPress is the most popular content management system to create and manage websites, including your own. This intensive course is ideal for beginners and intermediate learners as you will get the chance to learn basics and work your way up to more advanced techniques and tools including Blogging in order to start up your own self-hosted WordPress blog and to update your content in a more responsive and immediate way. The course will cover image optimization for web, categories, tags and SEO.

Photoshop for Photographers (Mixed Level)
This two-day course will teach you the fundamental tools to create and edit images in Photoshop and it is open to beginners. You don’t need any previous experience as full instruction and guidance is given during lessons. You will be introduced to Adobe Photoshop CC working through some of the most useful features. The course will also teach how to present and organise photographs for online photo books or gallery exhibition such as printing formats.

Photoshop for Graphic Designers (Mixed Level)
This course is intended for people with no previous experience of InDesign or those who have used the product but require the official training on how to use the basics of the application in the best way. Ideally suited for people wanting to edit existing InDesign documents or those wishing to create very simple newsletters or flyers.

Introduction to InDesign (Mixed Level)
You will familiarise yourself with the basics of print design and layout, using Adobe InDesign as the professional’s choice. You will learn the basics of working with text, images and building documents in a correct and optimised way. In this, one of our signature courses, you will work with some of the tools and features to create eye-catching printed documents using Adobe InDesign.

Photoshop for Graphic Designers (Mixed Level)
This course is open to beginners and improvers, you don’t need any previous experience as full instruction and guidance is given in how to use this software. You will be introduced to Adobe Photoshop CC image manipulation software working through the features in detail starting from the very basics. The course is ideal for those starting off in using Photoshop for graphic design and useful for learners looking to improve their skills and ensure they are using the programme as efficiently as possible.

Web Design and Blogging with WordPress (Beginners/Intermediate)
WordPress is the most popular content management system to create and manage websites, including your own. This intensive course is ideal for beginners and intermediate learners as you will get the chance to learn basics and work your way up to more advanced techniques and tools including Blogging in order to start up your own self-hosted WordPress blog and to update your content in a more responsive and immediate way. **Etching and Photo Etching (Studio Practice)**

Rembrandt had just three techniques for printmaking: dry point, hard ground and soft ground. We now have around 20 techniques which can be used in combination. These include lift grounds, photo etching and transfers. This course focuses on individual support and development: to present possibilities, to progress your plans and your personal objectives.

**Etching and Photo Etching From the Life Model (Studio Practice)**

This course offers you the opportunity to learn a broad range of printmaking techniques and apply those skills to life drawing. You will be able to work directly onto etching plates using hard or soft ground techniques, mono-print, relief print, use drawings to be translated into a photo etching or work directly onto paper. During this course you can develop your own project and ideas and to focus on specific techniques that interest you.

### Printmaking: Etching, Photo Polymer and Relief (Studio Practice)
You will be supported and encouraged to explore & develop your own ideas and work on self-initiated personal projects, to produce a body of prints. The tutor will offer one-to-one as well as group tutorials, alongside optional structured projects designed to stretch and challenge you as a printmaker, learning new skills and developing your professional and creative practice. The emphasis is on developing your creative potential and building confidence to work independently in a studio environment.

### WOODCARVING AND PICTURE FRAMING

#### Wood Carving (Beginners/Intermediate)
This course has been designed for learners of a variety of levels and covers chip carving, low relief carving and carving in three dimensions. You will learn to draw and cut your own designs, make useful household objects, like spoons, and carve small sculptures of your own design. Larger carvings can also be made. We will look into sharpening techniques, timber identification, planning (including maquette making), carving shapes and finally learning surface finishes.

ENGLISH AND MATHS

Do you feel that your English and maths skills are stopping you from getting where you want to be? Do you struggle to help your children with their homework? We can help! Whatever level you are at, we offer a range of courses to give you skills and confidence in these crucial subjects. Our accredited courses will help you to progress and meet your learning goals.

WHO ARE THESE CLASSES FOR?

Our classes provide you with the essential knowledge, skills and understanding that will help you to be more confident and effective in life and at work.

We offer courses from beginner up to GCSE level. Most of our courses are accredited, leading to Awards, Functional Skills or GCSE qualifications in maths or English.

Our English and maths courses can also help you with other courses that you can study at college such as Childcare, Health and Social Care, Computing and Graphic Design courses.

HOW DO I ENROL?

To secure your place on our English or maths course you must take an assessment to ensure you are placed on the right level class. It is expected that you will do some self-study every week to ensure success, especially in the time before the exam. You must be able to commit to coming to every class and completing self-study as required.

All learners will be asked to complete an assessment even if you have studied English and maths at another college. Also for GCSE courses you will need to take an assessment before joining a course even if you have already gained a grade D or Functional Skills Level 2.

INITIAL ASSESSMENT

Please see page 12 for the assessment dates.

You will need to allow up to 2.5 hours for your assessment and will also need to bring your passport or ID and arrange childcare for your children.

HOW MUCH ARE THE CLASSES?

English and maths classes are FREE to all learners (except overseas learners) who have not achieved a Level 2 maths or English qualification.

NOT SURE IF YOU NEED AN ESOL CLASS OR AN ENGLISH CLASS?

If you went to school in the UK or your spoken English is at native, or near-native level then these classes are for you. Otherwise an ESOL class would be more suitable for you.

WHEN AND WHERE ARE THE CLASSES?

Our English and maths classes run at our main site at Crowndale Road, Camden Town NW1 1TR. We have classes in the daytime, evening or on Saturdays to suit you. We have classes starting in September, January and April.

“Build your skills and confidence.”
These courses are designed for people whose first language is not English – and are available for complete beginners through to more advanced speakers. Most of our courses offer nationally recognised qualifications, helping you with work and living in the UK.

**WHO ARE THESE CLASSES FOR?**

Our ESOL classes are designed for those whose first language is not English. We have classes from complete beginner to advanced. Most of our courses offer nationally recognised qualifications in speaking, listening, reading and writing to help you with work or living in the UK. All our courses look at topics related to living and working in Britain.

**WHEN AND WHERE ARE THE CLASSES?**

We have classes at our sites in Crowndale Road, Camden Town NW1 1TR and Leighton Place, Kentish Town NW5 2QL. We have classes in the morning, afternoon, evening or Saturdays; perfect if you’re working or have children at school. Classes start three times a year, but many learners choose to learn for the whole year.

**HOW DO I ENROL?**

You will need to come to an assessment at the college to check your level before you can start a course. See a list of assessment dates on page 12. Please book a place on one of these sessions and we can then advise you of the right course and level for you. Please allow up to 2.5 hours for your assessment and arrange childcare for your children. You will also need to bring in a form of ID such as your passport or driving licence.

**HOW MUCH ARE THE CLASSES?**

Most ESOL courses are FREE to learners who are unemployed and on an income-based benefit, or who are on a low wage. Remember to bring recent proof of your benefit or low wage (see page 114).

All other learners pay maximum course fees of £225 for evening and Saturday courses or £338 for daytime classes, unless you are an overseas learner (i.e. have not been resident in the UK or EEA for the last three years), in which case overseas fees apply – please ask at reception.

**DO YOU EARN LESS THAN £20,573, FULL OR PART-TIME?**

Then courses that offer a concession are FREE

**What is Modern Art? (Mixed)**

Why does the art of today look so differently from the art of the past? If you have a curiosity about the art of today, want to know what it is all about and be able to understand its history, exchange ideas and be inspired in a friendly and relaxed environment, this popular and well-established course is the course for you. We will consider the changes and events that led to the overthrow of representational art in favour of abstraction, experiment and an eternal search for the new.

FEES AND FUNDING
We want education to be accessible to everyone and there is a wide range of funding support available.

THERE ARE THREE TYPES OF FEE:

1. COURSE FEE – this is the standard fee for each course, marked clearly in the course listings.

2. REDUCED FEE – freedom pass holders may claim a 20% discount on a number of eligible day time courses.

3. CONCESSION FEE – a discount of up to 100% may be claimed by the following groups:
   - Unemployed learners on state benefits needing skills training to enter employment. Benefits can include, but are not limited to: Jobseeker’s Allowance, Income Support, Child Tax Credit, Disability Living Allowance, Carer’s Allowance and Universal Credit. If you are on another state benefit which is not listed or on a low wage, please contact our Learner Services Team on enrol@wmcollege.ac.uk or 020 7255 4700.
   - Level 2 entitlement: Learners age 19–23 who do not currently hold a Level 2 qualification and are enrolling on an eligible course (up to Level 3 – excluding ESOL).
   - Level 3 entitlement: Learners age 19–23 who do not currently hold a Level 3 qualification and are enrolling on an eligible course (up to Level 3 – excluding ESOL).

Please note that evidence of the benefit/s you receive is required to support your application for reduced or discretionary fee.

ADDITIONAL COSTS
Course fees are generally inclusive – but for any course that include trips or excursions, there may be an additional charge (which will be highlighted in the course description).

OVERSEAS LEARNERS
We can only access Government funding for learners who have been resident in the UK (or elsewhere in the European Economic Area) for three years or more. If you are outside this, you will be charged fees of £12.50 per hour of study, plus any other applicable costs. Fees must be paid in pounds sterling and no concessions are available.

PAYMENT OF FEES
Course fees must be paid at the time of enrolment to secure your place – either online (by debit/credit card) or in person (in cash or by credit/debit card).

Spreading the cost: If your individual course fee is £250 or more, we enable you to spread the cost for up to 6 months in interest free instalments depending on when the course starts. The payments must be made via Direct Debit (from a UK bank account).

ADDITIONAL COSTS
Course fees are generally inclusive – but for any course that include trips or excursions, there may be an additional charge (which will be highlighted in the course description).

In almost all cases, the course fees cover all materials and exam entry fees. In the rare case that you undertake a particularly large project with high materials costs, you may be required to source the additional materials yourself. If you have any queries about this, please contact our Learner Services Team.

COURSE TRANSFERS
If a course transfer is possible, the fees from your original course will be transferred. If the new course has higher fees, you must pay the balance in full (or a new instalment plan agreed) before the transfer can be completed. No refund will be available if the new course has lower fees.

COURSE TRANSFERS
If a course transfer is possible, the fees from your original course will be transferred. If the new course has higher fees, you must pay the balance in full (or a new instalment plan agreed) before the transfer can be completed. No refund will be available if the new course has lower fees.

ADDITIONAL COSTS
Course fees are generally inclusive – but for any course that include trips or excursions, there may be an additional charge (which will be highlighted in the course description).

In almost all cases, the course fees cover all materials and exam entry fees. In the rare case that you undertake a particularly large project with high materials costs, you may be required to source the additional materials yourself. If you have any queries about this, please contact our Learner Services Team.

CARE TO LEARN
This fund supports learners under the age of 19 who may need help to cover the costs of attending college in terms of transport, food, equipment etc.

ADVANCED LEARNER LOANS
If you are 19 or over and studying on an eligible course at Level 3 or above you will qualify for one of these Government loans. No credit check is required and you won’t be required to start paying the loan back until you are earning at least £25,000 per year.

ADVANCED LEARNER LOAN BURSARY
This is available to learners who have an approved Advanced Learner Loan. The bursary can help to pay for travel, childcare and course materials costs.

LEARNER FINANCIAL SUPPORT FUND (LFSF)
This fund is provided by the college and supports learners who have difficulties meeting the cost of their courses. To qualify, you must have a total household income of under £25,000.

THE 16–19 BURSARY FUND
This fund supports learners under the age of 19 who may need help to cover the costs of attending college in terms of transport, food, equipment etc.

CARE TO LEARN
This is a Government scheme helping young parents (under the age of 20 at the start of their course) with the costs of childcare and travelling expenses to and from the childcare provider.

Up to £175 per week can be claimed towards the cost of Ofsted registered childcare with no restrictions on the number of hours you study, or on the length of your course. Payments are made directly to the registered childcare provider.

IF YOU EARN LESS THAN £20,573 PER ANNUM BEFORE TAX (FULL OR PART-TIME) AND LIVE WITHIN THE GREATER LONDON AUTHORITY (GLA), THEN COURSES THAT OFFER A CONCESSION ARE COMPLETELY FREE.
