COURSE GUIDE 2020-21

COLLEGE

WELCOME TO OUR LEARNING COMMUNITY

Welcome to WM College where we have been proudly inspiring adult learning since 1854.

As we emerge from a very difficult period in our lives, we have been reviewing how to support you in your learning. We have been experimenting with new ways to deliver our courses and we will be offering face to face teaching alongside blended online and onsite programmes for the 20/21 academic year.

We have a brand new look this year, including a dynamic new website to ensure we use the most effective ways to communicate our learning aims, mission and purpose to our learning community.

Courses are taught from our centres in Camden and Kentish Town and we have substantially increased our online provision so that there are a wide range of options available for you.

We also have additional learning opportunities available as we work in partnership with local community centres

where we offer face to face classes as well as blended online learning courses.

We want to keep our courses as affordable as possible and offer discounts, concessions and free courses and tasters where we can. Our aim is to ensure that everyone can access education – and reap the benefits that lifelong learning brings.

You can now enrol completely online on our new website, making it safe and easy for you to sign up for your courses. Do take advantage of our Early Bird 10% discount which is available until the end of September.

We look forward to welcoming you to the WM College community this autumn.

KEEPING YOU SAFE DURING COVID-19

Our College buildings will remain closed until we are advised we can open. Even then we will do so in a controlled and measured way – with some classes being taught in smaller numbers onsite, while others will be delivered online or a combination of the two. When onsite we will ensure we provide an environment that meets the government advice on social distancing and also the highest standards of hygiene.

PLEASE DO NOT COME TO THE COLLEGE UNLESS YOU HAVE BEEN ADVISED TO DO SO AND CHECK OUR WEBSITE FOR THE LATEST ADVICE.

OUR HIGH STANDARDS ARE RECOGNISED BY A NUMBER OF EXTERNAL BODIES INCLUDING:

The Chartered Institution for Further Education - WM College was the first adult college in London to achieve this coveted status.

Ofsted - in our recent Ofsted inspection (Nov 2018), we were graded as Good across all categories and our unique, welcoming ethos was noted.

"Teachers and staff celebrate the cultural heritage of learners through a broad range of events. This enables learners to develop a good understanding of, and appreciation for, people of different faiths, sexual orientation, age, gender and ability."

OUR LEARNING ENVIRONMENT

Our two college sites offer a wonderful blend of supportive tutors and learners, a warm and welcoming environment with excellent facilities.

OUR NEW LEARNING CENTRE

The College has recently launched a brand new Learning Centre, which is fully equipped to provide an independent study space. We have PCs, MACs and Chromebooks to support your study, as well as a team of staff to offer help and advice around digital learning. In addition, we have a group study space for guided study and workshops.

We offer a range of assistance - covering literacy, numeracy, digital and employability skills. There are drop-in sessions and support via appointment.

Our job hub is also situated in the Learning Centre, with expert staff on hand to offer learners support with employment preparation and job hunting.

THE RUSKIN CAFÉ AND GALLERY

Situated at the heart of our College, the Ruskin café offers not only a lovely space to enjoy home-cooked food and socialise with friends, it also features a contemporary gallery space. This gives our learners the opportunity to showcase their work professionally.

THE LIBRARY

The library is one of the College's most beautiful and historic rooms and provides a quiet place to read and study.

Supportive librarians and learning assistants are on hand to help with any queries and guide you to the many learning resources available.

Printing, scanning and photocopying facilities are provided here, and books and other learning resources can be borrowed.

Our facilities will be opened in accordance with government advice and will adhere to strict social distancing and hygiene guidelines - see our website for the latest updates.

HOW TO ENROL

Enrolment takes place throughout the year and new courses are added at various points.

Here is a step-by-step guide to becoming a WM College learner:

1. CHOOSE A COURSE

If you need some inspiration, visit our website wmcollege.ac.uk. All our courses are listed here, with information about fees, entry requirements and any materials that you may need.

If you are having trouble deciding on a course or are not sure about what level may suit you best, we have experts on hand to advise you. Just contact our Learner Services Team via Live Chat, on **020 7255 4700**, or email learnerservices@wmcollege.ac.uk

2. ENROL* AND MAKE PAYMENT

The easiest and quickest way to enrol is online, where any fees can be paid via a credit/debit card. If needed you can also enrol in person – however you must not come into the College unless you have been asked to do so. Please contact us by email or Live Chat in the first instance.

3. YOU ARE NOW A WM COLLEGE LEARNER!

Once your enrolment is processed we will provide you with a college ID card to use when onsite. This will be provided to you by Learner Services before you start your class – however please only come into the College when you have been asked to do so.

* Please note that we reserve the right to refuse enrolment, to change fees or to cancel courses in response to funding changes and learner numbers.

HOW TO PAY

There are three types of fee:

1. COURSE FEE

This is the standard fee for each course, marked clearly in the course listings.

2. REDUCED FEE

Freedom pass holders may claim a 20% discount on a number of eligible daytime courses.

3. CONCESSION FEE

A discount of up to 100% may be claimed by the following groups:

- **Level 2 entitlement:** learners age 19-23 who do not currently hold a full Level 2 qualification may be entitled to full fee remission.
- **Unemployed learners on state benefits for certain courses:** see page 122 for more details.
- **Learners earning less than £20,962 per year before tax for certain courses:** see page 124 for more details.

Please note you will be asked to provide evidence of eligibility at time of enrolment.

While we are working on a phased return to face-to-face classes - please only come to college if you have been invited to do so. Please call, email or talk to us via Live Chat on our website if you have any questions.

INTERVIEWS AND ASSESSMENTS

Some courses require you to have an interview or take a test so we can check that you have the skills needed for this level of study.

All our qualification courses require an assessment, which are also identified by a **Y** in the course listing. See online for details of how to take the assessment.

ENGLISH AND MATHS

We pride ourselves on our high success rates in functional skills and GCSEs. So if you need to improve your English and maths skills for work or life, or need qualifications to progress onto further education, we can help. Whatever level you are at, we offer a range of courses to give you skills and confidence in these crucial subjects.

WHO ARE THESE CLASSES FOR?

Our classes provide you with the essential knowledge, skills and understanding that will help you to be more confident and effective in life and at work.

We offer courses from beginner up to GCSE level. Most of our courses are accredited, leading to Awards, Functional Skills or GCSE qualifications in maths or English.

Our English and maths courses can also help with other courses that you can study at college such as Childcare, Health and Social Care, Computing and Graphic Design courses.

NOT SURE IF YOU NEED AN ESOL CLASS OR AN ENGLISH CLASS?

If you went to school in the UK or your spoken English is at native, or near-native level then these classes are for you. Otherwise an ESOL class would be more suitable for you.

WHEN AND WHERE ARE THE CLASSES?

Our English and Maths classes run at our Camden site. We have classes in the daytime, evening or on Saturdays.

HOW DO I ENROL?

Before you can enrol on an English or maths course you will need to take an assessment to ensure you are placed on the right level class. It is expected that you will do some self-study every week to ensure success, especially in the time before the exam. You must be able to commit to coming to every class and completing self-study as required.

All learners will be asked to complete an assessment before joining a class, even if you have studied English and maths at another college. For GCSE courses you will need to take an assessment before joining a course even if you have already gained a grade D or Functional Skills Level 2.

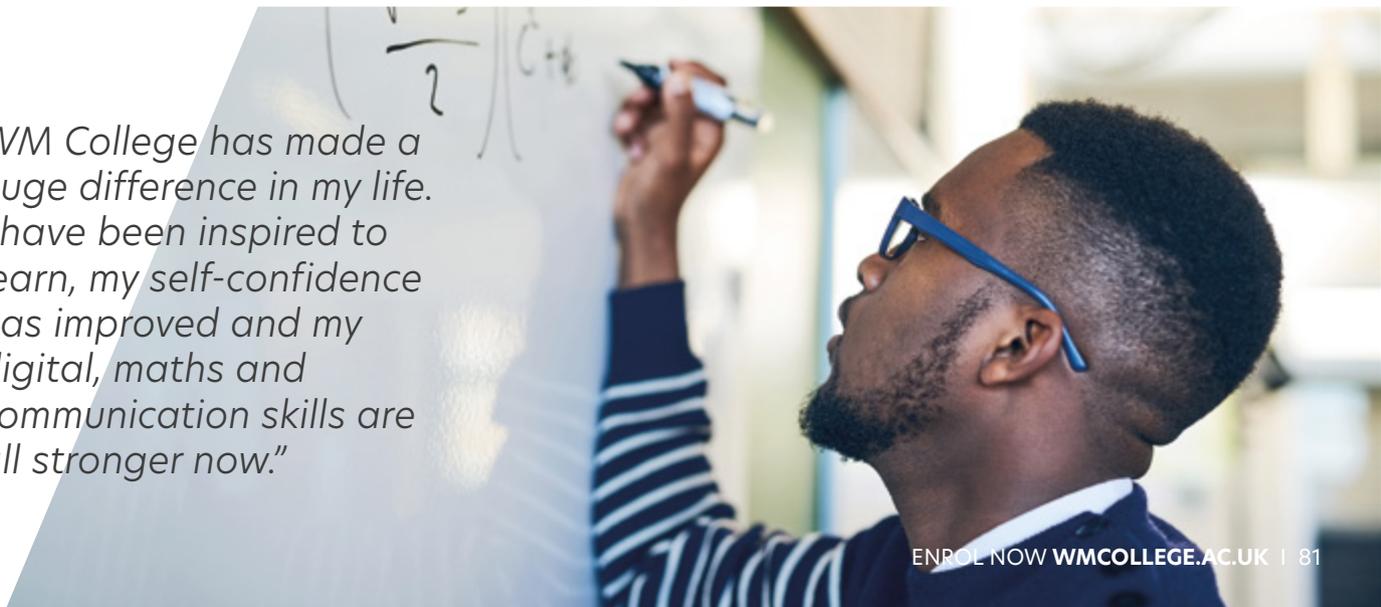

INITIAL ASSESSMENT

Please see page 14 for the assessment dates. You will need to allow up to 2.5 hours for your assessment and will also need to bring your passport or ID and arrange childcare for your children.

HOW MUCH ARE THE CLASSES?

English and Maths classes are FREE to all learners (except overseas learners) who have not achieved a Level 2 Maths or English qualification or have not yet achieved a 4 (or grade C) or above at GCSE.

“WM College has made a huge difference in my life. I have been inspired to learn, my self-confidence has improved and my digital, maths and communication skills are all stronger now.”

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

These courses are designed for people whose first language is not English – and are available for complete beginners through to more advanced speakers. Most of our courses offer nationally recognised qualifications, helping you with work and living in the UK.

WHO ARE THESE CLASSES FOR?

If you want to improve your speaking, listening, reading and writing and English is not your first language, we have a course to suit you. All our courses help you develop the language you need for everyday life and work in the UK.

WHEN AND WHERE ARE THE CLASSES?

We have classes at both our Camden site and at our Kentish Town site. Classes are available in the morning, afternoon, evening or Saturdays; perfect if you are working or have children at school.

Classes start three times a year, but many learners choose to learn for the whole year.

HOW DO I ENROL?

You will need to do an assessment to check your level before you can start a course – this may take place online or in college depending upon government guidance. See a list of assessment dates on page 14. Please book a place on one of our assessment sessions (details online) and we can then advise you of the right course and level for you. Please allow up to 2.5 hours for your assessment and arrange childcare for your children. You will also need to bring your passport or ID.

HOW MUCH ARE THE CLASSES?

ESOL courses are FREE to learners who are unemployed and on an income-based benefit, or who are on a low wage. Remember to provide recent proof of your benefit or low wage (see page 122).

All other learners pay course fees up to a maximum of £235 for evening and Saturday courses or £350 for daytime classes, unless you are an overseas learner (i.e. have not been resident in the UK or EEA for the last three years), in which case overseas fees apply – please ask at reception.

DO YOU EARN LESS THAN £20,962, FULL OR PART-TIME?

Then your ESOL course will be **FREE**.
