COLLEGE

WELCOME TO OUR LEARNING COMMUNITY

Welcome to WM College where we have been proudly inspiring adult learning since 1854.

As we emerge from a very difficult period in our lives, we have been reviewing how to support you in your learning. We have developed new ways to deliver our courses and will be offering face-to-face teaching alongside blended online and onsite programmes for the 21/22 academic year.

Courses are taught from our centres in Camden and Kentish Town, and we have substantially increased our online provision so that there is a wide range of options available to you.

Our talented Digital Learning Team has worked hard during this period of change to ensure all our learners have access to digital resources and support.

We also have additional learning opportunities available as we work in partnership with local community centres where we offer face-to-face classes as well as blended online learning courses.

We want to keep our courses as affordable as possible and offer discounts, concessions and free courses and tasters where we can. Our aim is to ensure that everyone can access education – and reap the benefits that lifelong learning brings.

You can now enrol completely online on our website, making it safe and easy for you to sign up for your course of choice. Do take advantage of our Early Enrolment Discount which offers 10% off all courses until 10 September 2021.

I look forward to welcoming you to the WM College community this autumn.

HELEN HAMMOND PRINCIPAL

OUR HIGH STANDARDS ARE RECOGNISED BY A NUMBER OF EXTERNAL BODIES INCLUDING:

Matrix accreditation

In April 2020 the College once again received a revalidation of the highly valued Matrix accreditation for its delivery of Initial Advice and Guidance and support for its learners.

SIGNIFICANT IMPROVEMENT TO THE LEARNING ENVIRONMENT

Over the last three years, in excess of £3.5 million has been invested to make significant improvements to the College building at Crowndale Road. There is an efficient new heating system throughout the building and ventilation has been installed in most of the rooms on the front of the building. Many of the classrooms, communal areas and corridors have been refurbished and redecorated. These improvements mean the rooms now provide a very welcoming and comfortable environment for studying in all year round as well as reducing the College's carbon footprint.

In addition, the College's IT infrastructure has been upgraded to latest standards with cat6 cabling and faster and more reliable WIFI access.

OUR SITES

The College has two sites - one at Crowndale Road, Camden, the other at Leighton Place, Kentish Town. Just 10-20 minutes apart on public transport or a 10-minute bike ride.

Our main site, Crowndale Road, is a 1904 listed building. It features bespoke art studios, a performance studio, a grand hall, the Ruskin Gallery, a historic library and a Learning Centre.

In addition, a dedicated printmaking studio and well-equipped classrooms can be found at our Kentish Town site.

- **Learning Support** – we offer both in-class and workshop support to help learners who require additional support to achieve their full potential.

Our team will arrange an interview with you to assess your needs. This could be by phone, video call or face-to-face. We will then confirm what support package can be offered to help you either onsite or remotely.

IT EQUIPMENT LOANING SCHEME

To help bridge the digital divide for learners unable to access equipment required for online learning we have invested in a number of Chromebook computers and data dongles to boost internet access for our students to borrow.*

If you're not very confident with online technologies and feel you need some support to access online learning facilities, our dedicated tutors and support teams are on hand every step of the way.

* Please note that the loan of equipment is strictly at the discretion of the College and is mainly for those on a qualification course.

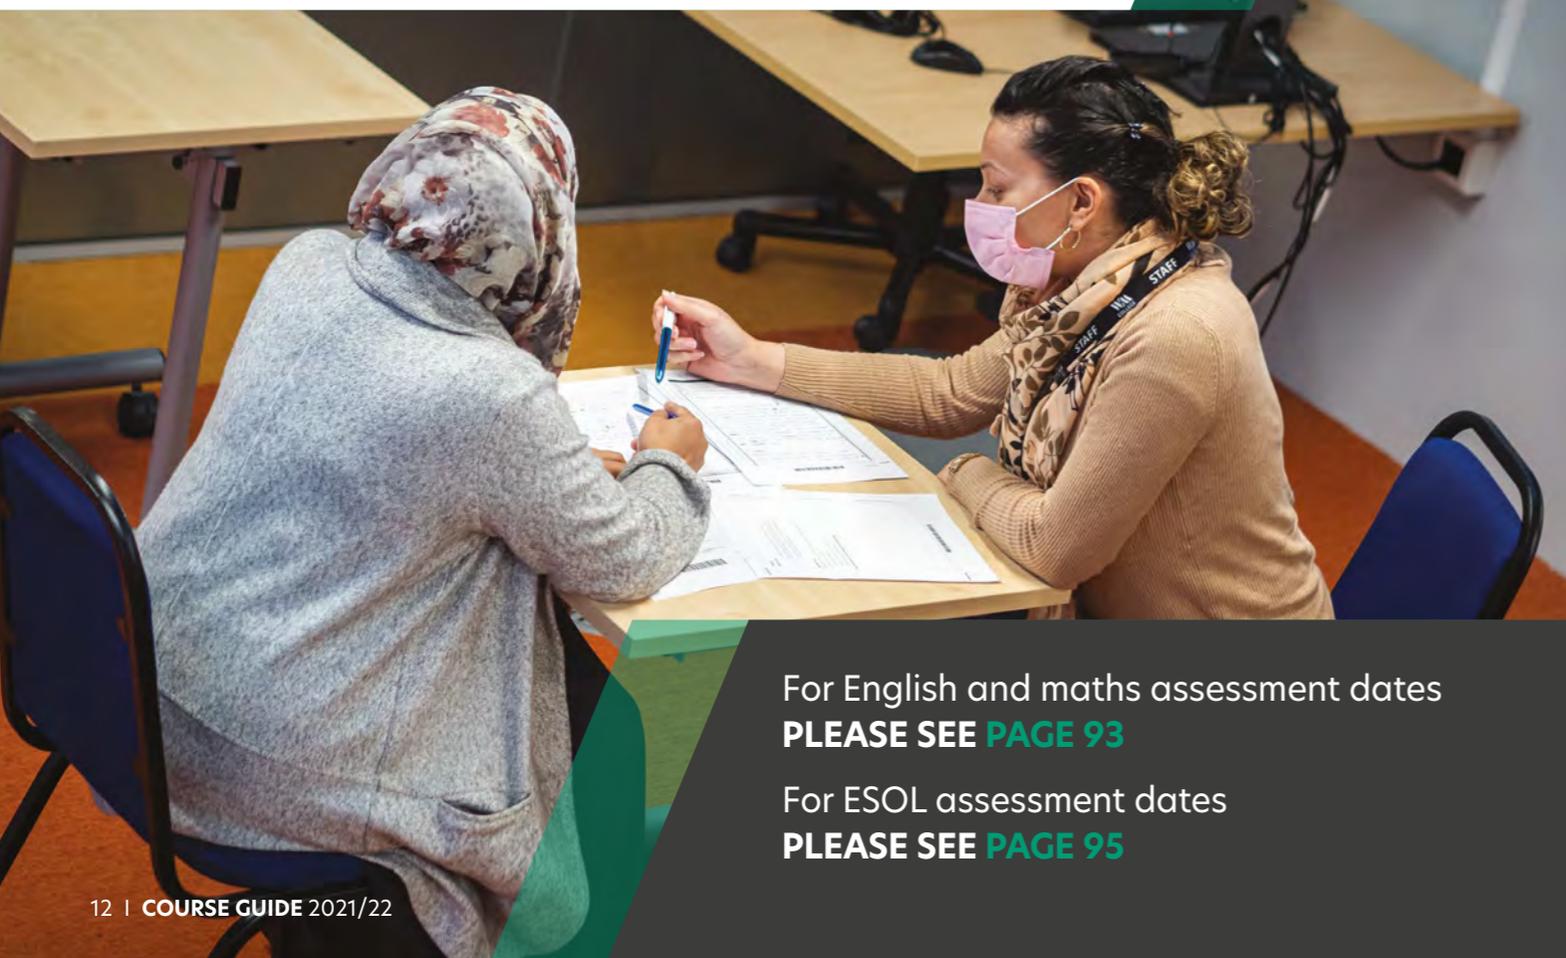

ONLINE COURSES

We have many courses offered online, or a blended approach of onsite and online.

INTERVIEWS AND PRE-COURSE ASSESSMENTS

Some courses require you to have an interview or take a test so we can check that you have the skills needed for this level of study. These are shown by a **Y** in the course listing.

For most courses you can take this test online (see our website for details) but for some subjects we also offer onsite pre-course assessments in our centres. To do your assessment onsite please book a place either in person at one of our centres or by calling **020 7255 4700**.

NOT SURE IF YOU NEED AN ESOL CLASS OR AN ENGLISH CLASS?

If you went to school in the UK or your native language (or near-native level) is English, then these classes are for you. Otherwise, an ESOL class would be more suitable for you.

Visit the English and Maths section of our website for a full list of courses, dates and times.

ENGLISH FOR SPEAKERS OF OTHER LANGUAGES (ESOL)

These courses are designed for people whose first language is not English and are available for complete beginners through to more advanced speakers. Most of our courses offer nationally recognised qualifications, helping you with work and living in the UK.

WHEN AND WHERE ARE THE CLASSES?

We have classes at both our Camden site and at our Kentish Town site. Classes are available in the morning, afternoon, evening or Saturdays; perfect if you are working or have children at school.

Most of our courses use a blended approach of both online learning and face-to-face classes. Some days you will be set work by your teacher away from the classroom to complete in your own time.

Classes start three times a year, but many learners choose to study for the whole year.

"My English teacher at WM College was very motivating. She constantly encouraged us to speak and never made us feel ashamed of making mistakes."

CLASSES TO FURTHER IMPROVE YOUR SKILLS

Many of our learners access additional classes that we run for ESOL learners. These can build your skills in IT, prepare you for work or develop knowledge of childcare.
