COURSES FOR ADULTS 2023/24

WM
COLLEGE

WELCOME TO OUR LEARNING COMMUNITY

Situated in the heart of London, we are a welcoming, friendly adult college, offering a wide range of courses to suit everyone. Since our early beginnings in 1854, our goal has been to help adults reach their learning potential with excellent teaching and guidance, provided by our highly knowledgeable and professional tutors.

As we move through challenging times, we remain committed to helping adult learners to thrive. Whether that is by gaining skills to improve your job prospects, retraining in another sector, developing a new interest, or simply improving your health and wellbeing. We provide affordable classes at times to suit you, whatever your starting point.

We offer support to help you get into work through one-to-one job coaching and our links with local employers, who regularly come to our job fairs and offer advice to our learners.

We take sustainability and climate change seriously. The College is working towards becoming carbon neutral and ensuring that everyone does their part to support our mission.

MARIA ROSENTHAL, ACTING PRINCIPAL

DIVERSITY STATEMENT

We believe our diversity is one of our strengths. We welcome adults of all ages, religions and sexualities and believe everyone should have access to high quality education. People with learning difficulties and/or disabilities are supported according to need.

The College has two sites – our main site is a Grade II listed building on Crowndale Road, Camden and the second is Leighton Place, Kentish Town. See page 119 for details.

SUPPORT WHILE YOU LEARN

We are committed to actively promoting equality of opportunity and helping our learners to reach their potential.

Our friendly Additional Learning Support Team supports learners with disabilities and learning difficulties. They provide advice and guidance and will assess your additional learning needs so you can benefit from the full range of services available.

Our team will arrange an interview with you to assess your needs. This could be face-to-face, by phone or by video call. We will then confirm what support can be offered to help you.

ADDITIONAL LEARNING SUPPORT

- **Access** - We aim to make classes accessible. We will review your needs and do our best to accommodate you through reasonable adjustments.
- **Learning Support** - We offer in-class and out of class support to learners who require additional learning support (ALS) to achieve their learning aims.
- **Other Support** - Other support we offer includes ICT, maths and English workshop support, dyslexia support for eligible learners, which may include exam access arrangements leading to exam concessions, and also exam arrangements in view of your specific individual needs.

SUPPORT WITH EVERYDAY MATHS

If you've ever struggled with maths or want to improve your confidence for life and work, our government backed Multiply maths scheme is for you.

Our FREE workshops aim to help adults overcome maths anxiety and gain confidence with everyday maths tasks such as helping children with homework, budgeting, and household calculations such as recipes or measuring for DIY.

The workshops run in college, online and in the community at local community centres, schools, and libraries.

OUR LEARNING ENVIRONMENT

LEARNING CENTRE

Our modern Learning Centre is the perfect location for independent study. Fully equipped with PCs, Macs and Chromebooks, a team of staff is available to offer help and advice on digital learning.

In addition, we have a group study space for guided study and workshops – offering a range of assistance with literacy, numeracy, digital and employability skills. See our website for drop-in timetable.

THE LIBRARY

Our iconic, historic Library is one of the College's cherished gems. This beautiful space, with vaulted ceiling and original oak panelling and shelving, provides a quiet space to read, study and be inspired. Dating back to 1904, the Library houses a wide range of resources including course books, books for pleasure, e-books, a small selection of journals, plus computer facilities. Learners enjoy an open, inclusive space in which to study independently – or quietly in groups – with helpful staff on hand if assistance is needed.

THE RUSKIN CAFÉ AND GALLERY

Situated at the heart of our College, the Ruskin Café offers not only a lovely space to enjoy home-cooked food and socialise with friends, but it also features a contemporary gallery space. This gives our learners the opportunity to showcase their work professionally.

Printing, scanning, and photocopying facilities are available across the whole college.

LIBRARY REFURBISHMENT! We are delighted to announce that thanks to a generous private donation and funding from the GLA, the Library will undergo a complete upgrade during summer 2023. Whilst retaining all its original features, it will be updated with better layout for reading and computers, new lighting, double glazing, refurbishment of the parquet flooring and shelving, redecoration and more. Do come and visit in September!

MAKE THE MOST OF YOUR WEEKENDS SATURDAY SCHOOL

Our Saturday School is the perfect option for those with a busy weekday schedule who are looking to explore new skills or open doors to further learning and business opportunities.

Discover our wide range of courses from languages and digital skills to textiles, oil painting and guitar lessons.

"I moved to London during the Covid 19 pandemic, having just lost my job I was exploring my options. I never did well in school so achieving good grades always seemed out of reach for me, until a friend encouraged me to take the Fashion Level 1 course at WM College.

I loved the course and progressed with high grades to Level 2 and now I'm studying my Foundation Art & Design Diploma. I owe a lot to WM College as it has made me realise that I am an artist and studying here has given me the courage to pursue going to university, something I didn't think was possible. The Workings Men's College is vibrant and welcoming, it's the only place I have studied that truly cares about its students."

LURLEEN JOHNSON

Silversmithing & Jewellery Making (Mixed Level)

“I started the Silversmithing course at WM College in September 2022. Since studying the course I’ve made several pieces of jewellery including a silver butterfly pendant with a gemstone, which I’m extremely proud of.

WM College has given me a more positive outlook for the future. By meeting new people and learning new skills, I’ve developed hope of going back out to work.”

AZIME HUNT

Etching, Photo Etching and Relief Print (Intermediate/Advanced)

"Since studying at WM College I'm a lot more confident with my abilities, I have much more of a can-do attitude and the confidence to exhibit my art. Having not come from a particularly artistic background, I'm really proud of how far I've developed my skills. Every single lesson I'm learning new techniques and building my portfolio.

The college and teachers are very supportive and give constructive advice to help you reach your potential. The studios are very professional and just by entering the room you can feel your creativity grow."

STEPHEN ROSS

Acting & Drama

“I joined WM College when I retired from full time employment and found it to be a great place to try out new things in a safe, secure setting.

Studying drama has developed my confidence and given an insight in the development of theatrical performance. I found the course and more recently the Yoga class stimulating and engaging. WM College has enabled me to explore new things and broadening my sphere of interests.”

“WM College is a wonderful organization that offers extremely useful courses that can make a difference to the life of many people, at both professional and personal level. I just love it and I will carry on enrolling on courses for as long as I can. Plenty of things to learn, it is a gem.

Thanks to the courses I’ve studied I built up a nice network of friends, and I mean real friends, people with whom I am able to do extracurricular activities and socialise with.”

EARLY ENROLMENT DISCOUNT

Enrol by 9 September 2023 for a 10% DISCOUNT on fees.

ENROLMENT EVIDENCE FEES AND FUNDING

We want education to be accessible to everyone. To find out if you need to pay fees or are eligible for a free course, we will need to look at some documents.

THERE ARE TWO TYPES OF FEES:

1. COURSE FEE

This is the standard fee for each course, marked clearly in the course listings.

2. CONCESSION FEE

A discount of up to 100% may be claimed by the following groups:

- **Unemployed learners on state benefits needing skills training to enter employment.** Benefits can include, but are not limited to: Jobseeker's Allowance, Income Support, Working Family Tax Credit, Disability Living Allowance, Personal Independence Payment, Carer's Allowance and Universal Credit. If you are on another state benefit which is not listed or on a low wage, please contact our Learner Services Team on **learnerservices@wmcollege.ac.uk** or **020 7255 4700**.

Please note that evidence of the benefit(s) you receive is required to support your application for reduced or concessionary fees at time of enrolment onto the first course of the academic year. This needs to be dated within the last three months from the date of your course starting and can be a bank statement or confirmation letter.

Level 2 & Level 3 Entitlement: Dependent on your age, employment status and previous qualifications, you may be entitled to full funding of your Level 2 or Level 3 course.

- **Learners earning less than £23,302.50 per year before tax for certain courses.**

Please note that evidence of income is required at the time of each enrolment during the academic year and must be dated within the last three months.

PAYMENT OF FEES

Course fees must be paid at the time of enrolment to secure your place. You can pay online by credit/debit card. If you are unable to pay online, you can visit the College and pay by cash or credit/debit card.

SPREADING THE COST

If your course fees are £250 or more, you can spread the cost for up to six months by paying in interest free instalments depending on when the course starts. The payments must be made via Direct Debit (from a UK bank account). If you fail to meet a direct debit payment when it is due or if you cancel the course after it has started, then the full outstanding balance of your fees will be due for immediate payment. Non-payment of this balance may result in your exclusion from the course and the College.

ADDITIONAL COSTS

Course fees are generally inclusive – but for any course that include trips or excursions, there may be an additional charge (which will be highlighted in the course description).

In most cases, the course fees cover all materials and exam entry fees. In some cases, you will be required to pay for additional materials. If you have any queries about this, please contact our Learner Services Team or see the course description on our website.

FEE REFUNDS

In the event of a course cancellation, all fees paid by learners will be refunded. If you choose to withdraw from a course two weeks or more before the date of the first class, your fees will be refunded subject to deduction of a £15 administration fee. If you enrol less than two weeks before the start of a course and withdraw before the course starts, these terms apply. If you choose to withdraw from a course less than two weeks before the date of the first scheduled class, then you will be able to claim a refund of 50% of the fees, subject to a minimum retention by the College of £15. If you choose to withdraw from a course on or after the date of the first class, then no refund will be made under any circumstances, and you will also remain liable for all fees assessed but not yet paid.

COURSE TRANSFERS

If a course transfer is possible, the fees from your original course will be transferred. If the new course has higher fees, you must pay the balance in full (or a new instalment plan agreed) before the transfer can be completed. No refund will be available if the new course has lower fees.

UK AND NON-UK RESIDENTS

The College is required to check the residential status of learners at the time of enrolment. This applies to all learners even if you have always lived in the UK or if you pay any course fees.

You will need to provide evidence of your residential status and this includes, but is not limited to, UK birth certificate, passport, biometric residents card or Home Office letter.

AND REMEMBER

If you earn less than £23,302.50 before tax (full or part-time) and live within the Greater London Authority (GLA), then courses leading to a qualification are completely FREE.

FINANCIAL SUPPORT

A quick guide to the financial support available:

ADVANCED LEARNER LOANS

If you are 19 or over and studying on an eligible course at Level 3 or above, you will qualify for one of these government loans. No credit check is required, and you won't have to start paying the loan back until you are earning at least £27,660 per year.

For more information about these loans, visit [gov.uk/advanced-learner-loans](https://www.gov.uk/advanced-learner-loans)

ADVANCED LEARNER LOAN BURSARY

This is available to learners who have an approved Advanced Learner Loan. The bursary can help to pay for travel, childcare, and course materials costs.

LEARNER FINANCIAL SUPPORT FUND (LFSF)

This fund is provided by the College and supports learners who wish to continue learning and whose total household income is under £26,000.

THE 16-19 BURSARY FUND

This fund supports learners under the age of 19 who may need help to cover the costs of attending college in terms of transport, food, equipment etc.

CARE TO LEARN

This is a government scheme helping young parents (under the age of 20 at the start of their course) with the costs of childcare and travelling expenses to and from the childcare provider.

Up to £195 per week can be claimed towards the cost of Ofsted registered childcare with no restrictions on the number of hours you study, or on the length of your course. Payments are made directly to the registered childcare provider.

HOW FEES ARE CALCULATED*

WM College receives government funding/subsidy for the delivery of courses where learners attending are ordinarily resident in the UK.

Ordinarily resident means, you already have legal right to be resident in the UK and in some cases, you will need to have lived in the UK for the last 3 years.

If you satisfy the criteria to be considered a legal resident of the UK, all rules and processes for Home Fee Assessment will be applied to you and your course fees.

If you do not meet any of the criteria above, you will be charged fees of £12.50 per hour of study, plus any other applicable costs. No concessions are available. If you would like more information about what evidence you would need to provide, please contact the Learner Services Team.

* At the time of publication, a person aged 19 or over who is a citizen of the UK or EEA, may be eligible for funding support. Please check our website for the most up to date information.
